

DOES
EXACTLY
WHAT IT
SAYS ON
THE TIN*

Ronseal Promise, if you do exactly what it says on the tin, this product will do exactly what it says on the tin.

PROVIDING AN INVISIBLE REPAIR TO HAIRLINE CRACKS

RONSEAL SMOOTH FINISH FILLERS are manufactured utilising fine fillers and resins to provide a smoother consistency for easy application. Once applied these smooth fillers will dry to a uniform finish that is easier to sand producing a smooth surface ready for decorating.

RONSEAL HAIRLINE CRACK FILLER has been developed to fill cracks up to 5mm wide with no shrinking or cracking - guaranteed. Unlike traditional fillers, the unique formula utilises fine particle size ingredients creating a supremely smooth consistency for an invisible repair to hairline cracks.

Usage Areas	Developed for use on hairline cracks in either plaster or wood.
Gap Size	Fills gaps up to 5mm wide.
Dry Time	After application, surface is ready to decorate in 1-2 hours.*
Post Repair	Will not accept drills, screws or nails.
Clean Up	Remove excess product from tools immediately after use using a damp cloth.

PREPARATION Ensure surface and cracks are clean, dry and free from dust, grease and other contamination. Touch in nails and screw heads with a solvent based paint.

APPLICATION 1 Pack the filler well into area of repair, ensuring the filler

is level with the surface being filled. 2 For wider repairs above 5mm, use **Ronseal Multi Purpose Filler**. 3 Smooth over filler with the Ronseal applicator or a wet knife prior to drying. 4 If necessary, sand to a smooth finish once dried hard.

Avoid the inhalation of dust and wear a suitable face mask when sanding.

* Ready to decorate in approximately 1-2 hours depending on size and depth of crack. Cold and damp conditions may extend dry time.

CLEAN UP To prevent product from drying out, ensure the plastic film is pushed firmly onto the surface of the filler and the lid is tightly closed. Tools should be washed in warm water immediately after use. Remove excess product from tools prior to cleaning. Store away from areas of extreme temperatures and protect from frost.

RONSEAL HAIRLINE CRACK FILLER Avoid contact with skin and eyes. In case of contact with eyes rinse immediately with plenty of water and seek medical advice. After contact with skin, wash immediately with plenty of water. Use only in well ventilated areas. Keep out of the reach of children.
